

**CSAH 24 Van Lynn Rd – Bridge overpass project and Road extension to TH 11 project**

Page C-1

**COMMENT CARD** – to be completed by property owners and stakeholders – please return to Hwy Dept

**Comment 1** I believe that CSAH 24 Bridge and CSAH 24 Road extension to TH 11 are both important projects – and both should move forward to construction

- Agree – both projects are important and should be constructed
- Disagree
- Other \_\_\_\_\_

**Comment 2** I believe that the CSAH 24 bridge project is the most important project – and should be completed before the CSAH 24 road extension project.

- Agree – bridge extension project is most important
- Disagree
- Other \_\_\_\_\_

**Comment 3** I believe that the CSAH 24 road extension to TH 11 is the most important project – and should be completed before the CSAH 24 bridge project.

- Agree – road extension project is most important
- Disagree
- Other \_\_\_\_\_

**Comment 4** For the CSAH 24 road extension to TH 11 project, I believe that CSAH 24 should be extended north to connect with TH 11 at the following location:

- near Jct TH 11/CSAH 23...option 5
- near Jct TH 11/CR 93 (RLOS)...option 7
- near Jct TH 11/CSAH 20...options 6A, 6B, 6C
- near Jct TH 11/CR 109 (old KOA Rd)...option 1
- near Jct TH 11/CSAH 94 (North Jackfish Rd)...option 4
- near Jct TH 11/Jackfish Bay...option 2
- near Jct TH 11/CR 103 (South Jackfish)...option 3
- Other \_\_\_\_\_

**Comment 5** I would like to see widened paved shoulders to accommodate pedestrians walking and biking along CSAH 24 road and bridge.

- Agree – want widened paved shoulders
- Disagree
- Other \_\_\_\_\_

**CSAH 24 Van Lynn Rd – Bridge overpass project and Road extension to TH 11 project**

Page C-2

**COMMENT CARD – to be completed by property owners and stakeholders – please return to Hwy Dept**

**Comment 6** I would like to see **overhead street lighting** installed along CSAH 24.

- Agree – want overhead street lighting along the roadway
- Disagree
- Other \_\_\_\_\_

**Comment 7** I would like to see a **train detection system** installed at the **CSAH 24/CN RR grade crossing** – whereby live feeds from video cameras at the CSAH 24 (Van Lynn Rd) grade x-ing are carried via communication lines back to the County LEC and City Fire Hall to inform emergency response dispatchers if the CSAH 24/CN RR grade crossing is blocked by trains – and if so – dispatchers can re-route emergency response vehicles to use alternate routes to access the segment of CSAH 24 lying east of the CN tracks.

- Agree – would like to see train detection system installed
- Disagree
- Other \_\_\_\_\_

**Comment 8** I would like **County Staff to contact me** to further discuss this project.

*Note to respondent: If you "Agree", please provide your contact info below.*

- Agree – please contact me at \_\_\_\_\_
- Disagree
- Other \_\_\_\_\_

**Comment 9** In addition to the comments provided above, I would like to share the following: \_\_\_\_\_
